

SPECIAL PROFILES

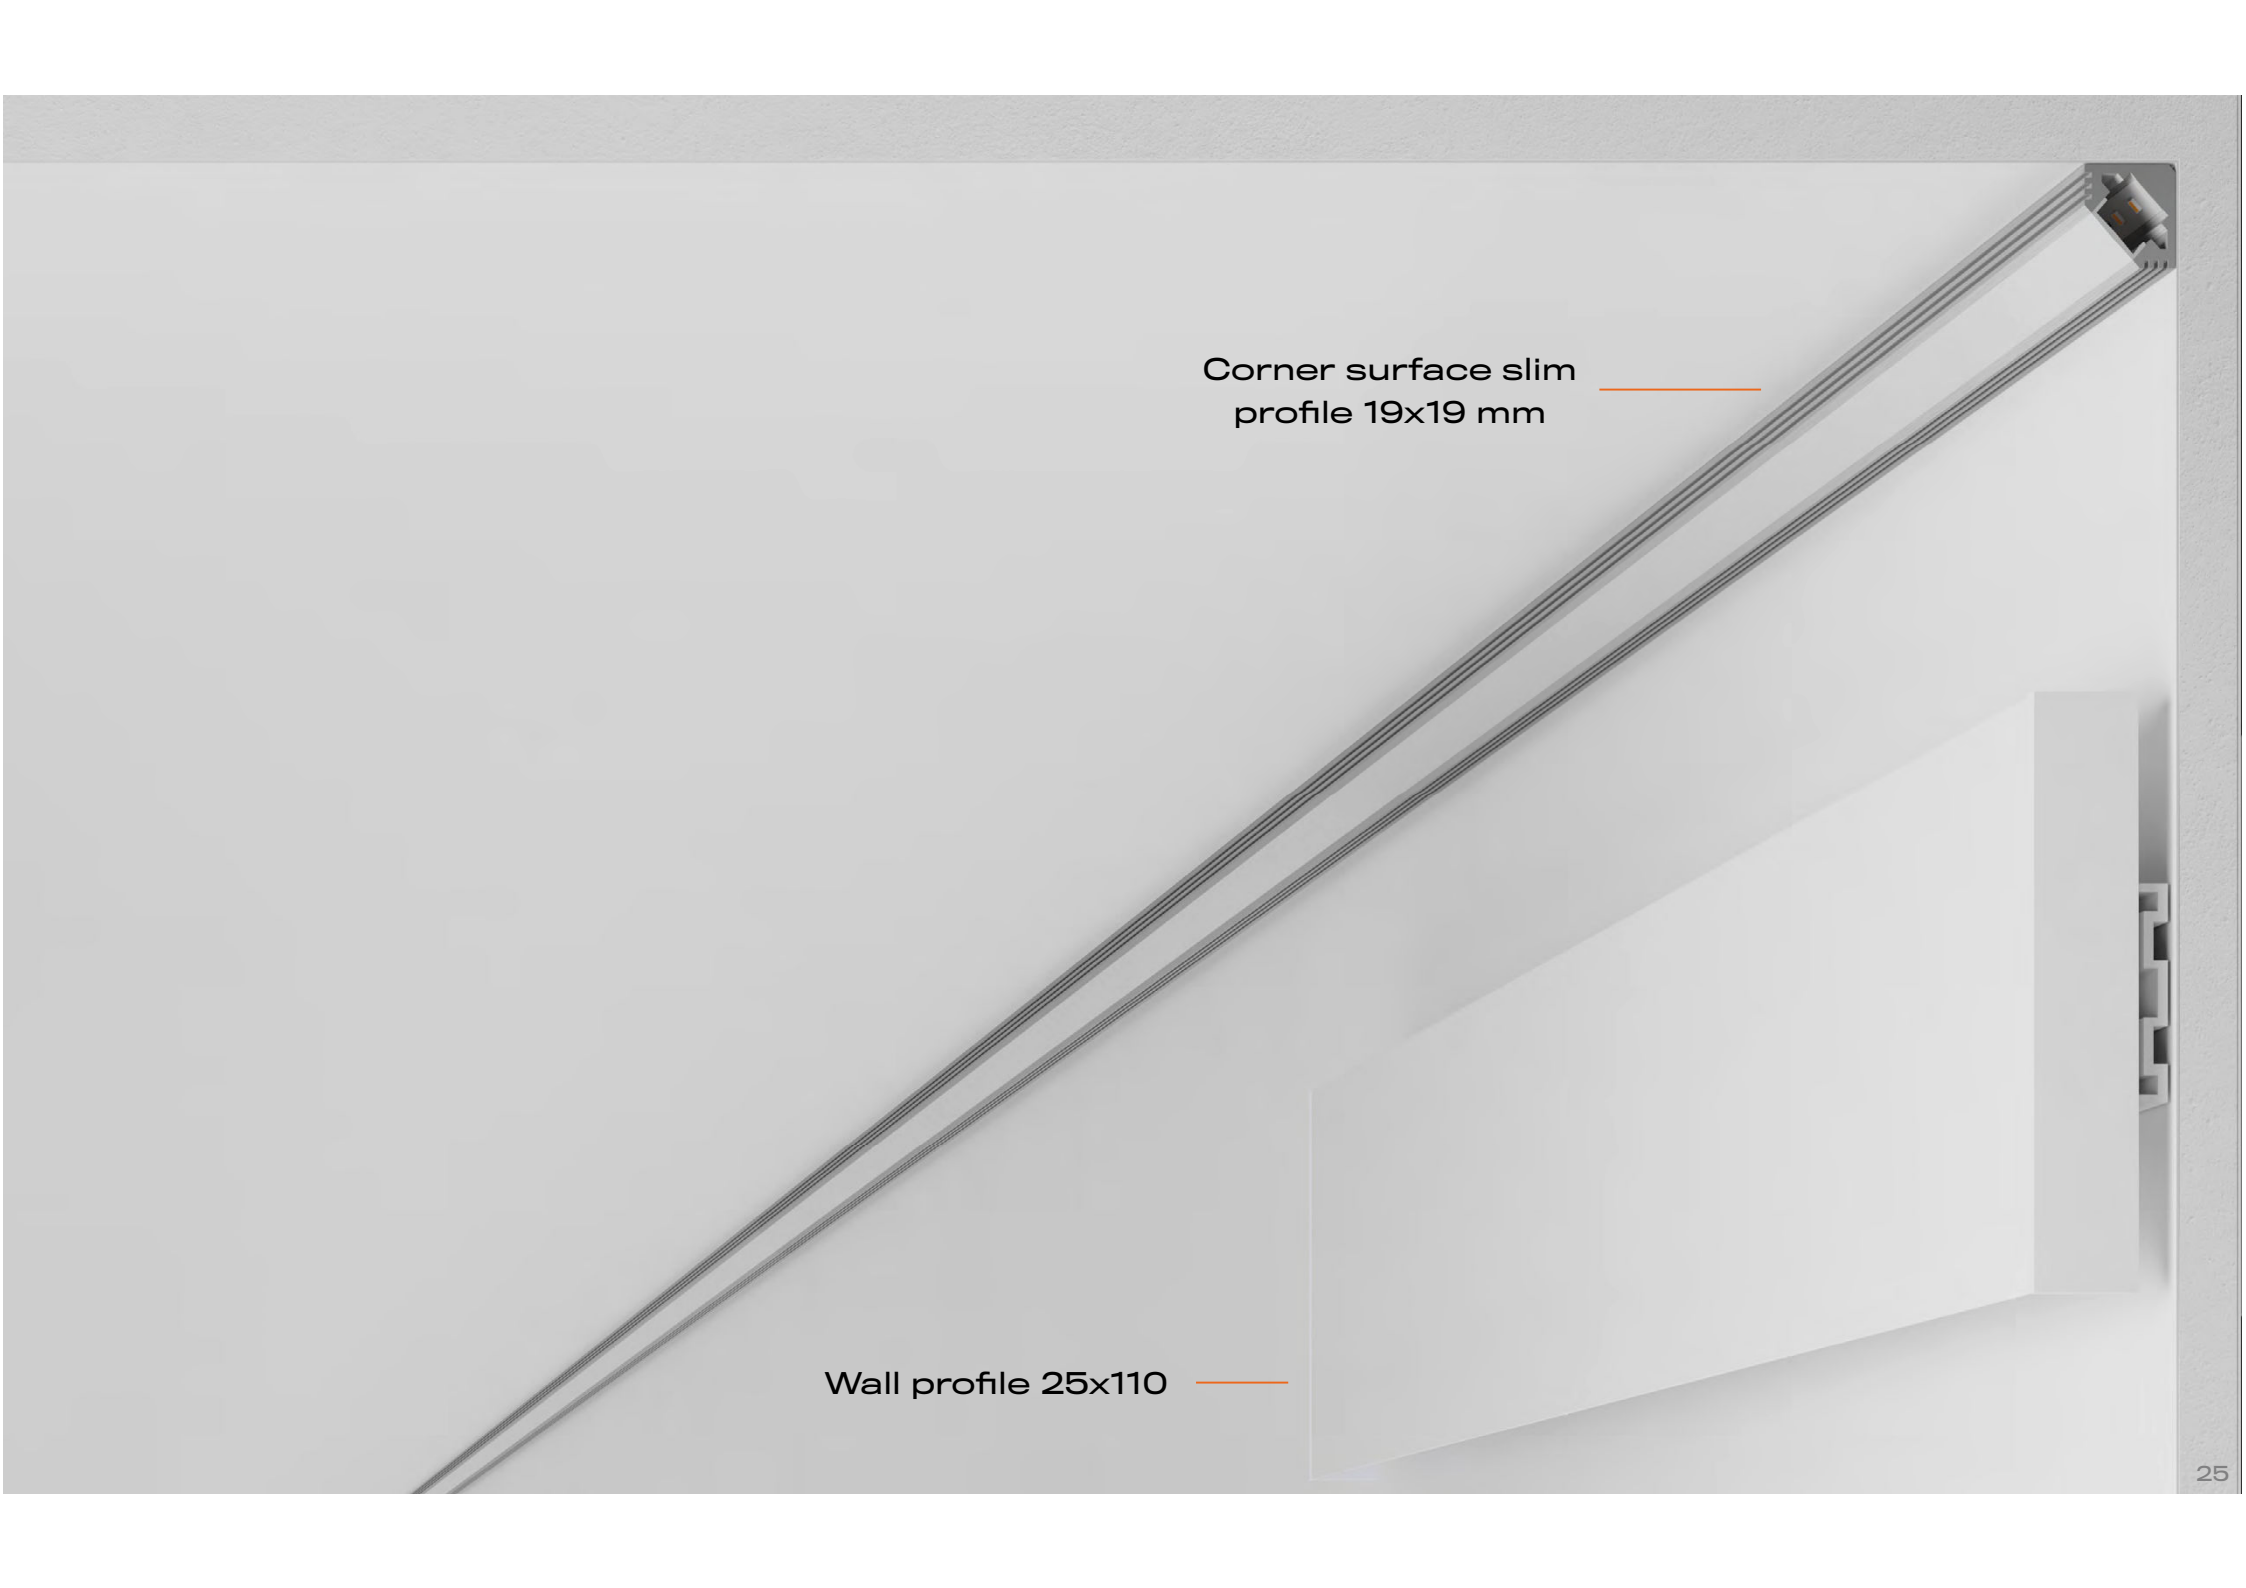

A 3D architectural rendering showing two types of profiles. On the left, a long, narrow, light gray profile is shown at an angle, with a cross-section visible at the top left corner. On the right, a dark gray, rectangular pendant profile is shown hanging from a thin vertical line. Both profiles cast soft shadows on the light gray background.

Corner surface wide
profile 46x27 mm

Pendant wide
profile 56x70

**SPECIAL
PROFILES**

A 3D architectural rendering showing a corner surface slim profile (19x19 mm) and a wall profile (25x110) installed on a light gray wall. The corner profile is a thin, dark gray strip that runs diagonally across the corner. The wall profile is a larger, dark gray strip that runs horizontally along the wall. The corner profile is shown in two different orientations, one horizontal and one vertical, to illustrate its flexibility. The wall profile is shown in a horizontal orientation. The background is a light gray wall with a subtle texture. The lighting is soft, creating gentle shadows that emphasize the three-dimensional nature of the profiles.

Corner surface slim
profile 19x19 mm

Wall profile 25x110
